City, State, Zip

## IS THIS QUOTE FOR:

- Track Only       Curtains Only       Track And Curtains

### STEP ONE : SELECT TYPE OF CUBICLE TRACK

- 8770-A**  Track channel, carriers with hooks, end stop and end stop with pullout.
- 8770-AWP**  Track channel, carriers with hooks, 16" PVC drops, connector chains, end stop and end stop with pullout.
- 8770-AS**  Track channel, carriers with hooks, suspension tubing, wall brackets, ceiling brackets and track brackets.

If **8770-AS** is selected, please complete the following:

- \* Track will be mounted  inches below the ceiling
- \* Will both ends of the track touch the wall?     Yes     No
- \* If No, does one end of the track touch the wall?     Yes     No

### SHIPPING NOTE

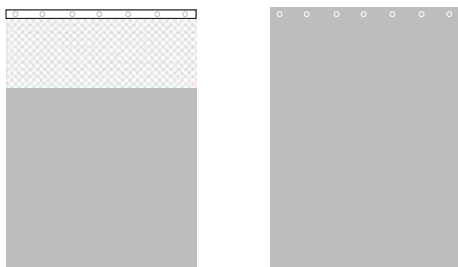

Track will be cut as required to allow for the least expensive shipping method. For each track cut, one splice will be provided at no additional charge. The maximum allowable length for UPS shipping is 96 inches long. If you do NOT want track to be cut, you must check the box below and motor freight rates will apply.

- NO, ship track in one continuous piece unless overall track length exceeds max. track length (20 ft.)

### STEP TWO: SELECT CUBICLE CURTAIN FABRIC

Pattern  Color

Choose One     With Mesh     No Mesh

### CURTAIN HEIGHT

Please provide the following information so that we can determine the height of the curtain:

- \* Floor-to-ceiling height  inches
- \* Desired distance from bottom of curtain to floor  inches (12 inches is standard)
